

Using iMovie to Reply in URcast

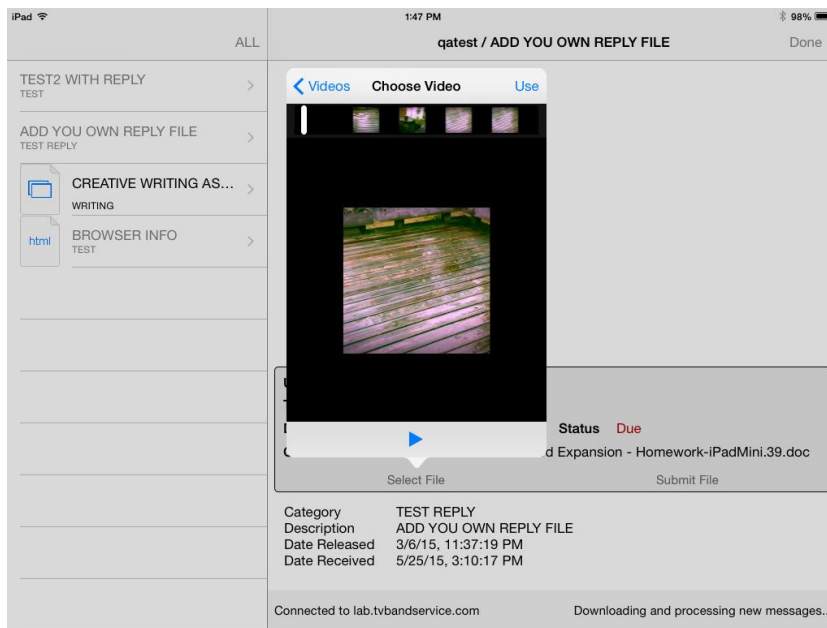

- In iMovie select the video you wish to use as a reply.
- Tap the share icon.
- Tap the Save Video icon.
- Choose the smallest possible export size. (Small or Medium)
- Wait for iMovie to export your movie to your Photo Library. Once the confirmation dialog is displayed tap OK.
- Now go to URcast and select the message from which you wish to send your reply.
- Tap Select File and choose the Media Gallery option.

- This will display your photos and videos.

- Select your video from the list and tap Use in the upper right hand corner and wait while the video is compressed.

- Your video reply is now ready to be submitted.
